PROFESSIONAL SUMMARY

Graduating Bachelor of Science in Information Technology student with hands-on experience in full-stack web development, system development, and database management. Developed the E-Public Assistance and Complaint Desk as a Full Stack Developer and created a Senior Citizen ID Management System during internship, improving record organization and processing efficiency. Skilled in PHP, Laravel, MySQL, HTML, CSS, JavaScript, and problem-solving. Seeking a Web Developer position where I can apply my development skills, contribute to innovative projects, and continue growing as a software professional.

WORK EXPERIENCE

Local Government Unit / OSCA Office

February 2026 – May 2026

OJT Trainee

Magsaysay, Cordon, Isabela

- Developed an OSCA ID system for senior citizen ID management, optimizing the office's ability to organize records and process IDs more efficiently.
- Assisted in encoding, verifying, and managing senior citizen information, supporting accurate records for multiple barangay-based ID requests.
- Provided technical and clerical support in daily OSCA operations, contributing to faster service delivery and a smoother office workflow.
- Facilitated training materials for office staff, improving their efficiency in using new systems and tools by an estimated 30%.
- Organized community outreach initiatives to educate seniors about the benefits of the new ID system, enhancing participation rates.

General Office Unit, Quirino State University

August 2025 – December 2025

Student Assistant

Andres Bonifacio, Diffun, Quirino

- Assisted office staff with communication, documentation, and record management, maintaining an organized and accurate filing system.
- Encoded and prepared documents and reports, supporting daily administrative tasks with a keen attention to detail and accuracy.
- Supported inventory and billing management tasks, contributing to smoother office operations and improved record monitoring.
- Implemented an inventory tracking system, enhancing accuracy in stock management by approximately 20%.
- Collaborated with team members to improve office workflow, ensuring timely completion of tasks and adherence to deadlines.

EDUCATION

Quirino State University – Diffun Main Campus

Expected Graduation: June 24, 2026

Bachelor of Science in Information Technology

Andres Bonifacio, Diffun, Quirino

PROJECTS

E-Public Assistance and Complaint Desk (Thesis Project)

Full Stack Developer

- Developed a web-based Public Assistance and Complaint Desk system to streamline complaint submission, tracking, and resolution processes.
- Designed and developed both front-end and back-end components of the system.
- Managed database design, implementation, and maintenance to ensure accurate record management.
- Implemented user authentication, complaint tracking, and reporting functionalities.
- Collaborated with team members throughout system analysis, development, testing, and deployment.

Senior Citizen ID Management System

Internship Project

- Developed and maintained a database-driven system for managing senior citizen records and ID processing.
- Improved record organization and processing efficiency.
- Assisted staff with system usage and provided support for system-related concerns.
- Contributed to user training and system implementation activities.

TECHNICAL SKILLS

- **Technical Skills:** Technical Support & Troubleshooting; Hardware & Software Installation; System Development; Full-Stack Web Development; Database Management (MySQL); Basic Networking; Microsoft Office Suite; Google Workspace; Record Management & Documentation; AI Automation
- **Certifications:** **Smartbridge** – Smart Bridge Salesforce AI Automation Certificate; **CISCO** – Introduction to Modern AI – Certificate of Completion, Data Analytics Essentials – Certificate of Completion; Canva Fundamentals; **DICT** – National Cybersecurity Conference
- **Awards:** Hack4GOV Cybersecurity Competition: 4th Highest Individual Score – October 16, 2025; HacktheNorth Cybersecurity Seminar Competition: Participant – November 29–30, 2025
